

Football statistics

Quick sketch of potential structure for football statistics. There will obviously be a lot of interlinking/ promotion across these pages that isn't shown on this diagram.

nb
Live blog will need a minor variants for multi-game matches and single game matches

nb
There are currently two match reports for Saturday Premier League games - Observer (Sunday), and Guardian (Monday)

nb
There's a question as to whether the scores, fixtures, results and tables pages are all the same page but can be scoped to show any given club or competitions information.
